Dear Mr. Cao:

The Department of Motor Vehicles has approved your Professional Continuing Education Course to be held on February 3, 2008, May 4, 2008 and September 7, 2008 in Westminster, California.

The department will accept proof of participation in this workshop as evidence of six (6) hours of continuing professional education for traffic school operators and instructors. However, since both workshops' itineraries are identical, operator and instructors will not be able to attend both seminars to obtain twelve (12) hours of continuing education.

Any changes altering the basic format of this workshop must be submitted to and approved by the department prior to implementing.

Within 10 days following the completion date of the seminar you will need to submit a roster to Occupational Licensing that includes a signed statement certifying under penalty of perjury that all attendees satisfactorily completed the designated number of hours of training.

In addition to the roster you will need to provide a certificate of completion to each attendee certifying the individual completed an approved traffic safety related course which specifies, the attendee's name, the provider's name, the actual hours completed, and the date(s) of the course.

If you have any questions, or if I can be of any assistance, please call me at (916) 229-3332.

Sincerely,

A handwritten signature in black ink that reads "Colleen Bacon".
